

Annex II

S.06.02. – List of assets

General comments:

This Annex contains additional instructions in relation to the templates included in Annex I of this Regulation. The first column of the next table identifies the items to be reported by identifying the columns and lines as showed in the template in Annex I.

This annex relates to quarterly and annual submission of information for third country branches.

The asset categories referred to in this template are the ones defined in Annex IV – Assets Categories of this Regulation and references to CIC codes refer to Annex V – CIC table of this Regulation.

This template should reflect the list of all assets included in the Balance-sheet classifiable as asset categories 0 to 9 of Annex IV – Assets Categories of this Regulation. In particular in case of securities lending and repurchase agreements the underlying securities that are kept in the Balance-sheet shall be reported in this template.

This template contains an item-by-item list of assets held directly by the undertaking (i.e. not on a look-through basis), classifiable as asset categories 0 to 9 (in case of unit-linked and index-linked product managed by the (re)insurance undertaking, the assets to be reported are also only the ones covered by asset categories 0 to 9, e.g. recoverables and liabilities related to these products should not be reported), with the following exceptions:

- a) Cash shall be reported in one line per currency, for each combination of items C0060, C0070, C0080, and C0090;
- b) Transferable deposits (cash equivalents) and other deposits with maturity of less than one year shall be reported in one line per pair of bank and currency, for each combination of items C0060, C0070, C0080, C0090 and C0290;
- c) Mortgages and loans to individuals, including loans on policies, shall be reported in two lines, one line regarding loans to administrative, management and supervisory body, for each combination of items C0060, C0070, C0080, C0090 and C0290 and another regarding loans to other natural persons, for each combination of items C0060, C0070, C0080 C0090 and C0290;

- e) Plant and equipment for the own use of the undertaking shall be reported in one single line, for each combination of items C0060, C0070, C0080 and C0090.

This template comprises two tables: Information on positions held and Information on assets.

On the table Information on positions held, each asset shall be reported separately in as many lines as needed in order to properly fill in all variables requested in that table. If for the same asset two values can be attributed to one variable, then this asset needs to be reported in more than one line.

On the table Information on assets, each asset shall be reported separately, with one line for each asset, filling in all applicable variables requested in that table.

The information regarding the External rating (C0320) and Nominated ECAI (C0330) may be limited (not reported) in the following circumstances:

- a) through a decision of the national supervisory authority under Guideline 48; or
- b) through a decision of the national supervisory authority in the cases where the insurance and reinsurance undertakings have in place outsourcing arrangements in the area of investments that lead to this specific information not being available directly to the undertaking.
